

ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2007-2008 and 2008-2009 Oregon Statewide Assessments for the students in your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 60% in English/Language Arts and 59% in Mathematics. Student Participation is expected to be 95% or greater. The statewide goal for the minimum graduation rate is 68.1%. The statewide goal for the minimum attendance rate is 92.0%. 2008-2009 School Report Card

LONG CREEK
SCHOOL

Dear Parents and Community Members,

November 10, 2009

The Oregon Department of Education is proud to issue the 11th annual school Report Card. This year's report cards include two significant changes: a simplified rating system for schools and a new description of how much students have learned from year to year called a "Growth Model." The new rating system uses three categories: Outstanding, Satisfactory and In Need of Improvement. These ratings cannot tell you everything about your school but are a good starting point for talking about our successes and opportunities for improvement.

- There is insufficient data to compute a rating. Fewer than 80 tests returned or fewer than 50 students attending in the last two years combined.
- For informational purposes only: Based on the 2007-08 report card rating system, this school would have received an overall rating of Not Rated.

ACHIEVEMENT DATA

Academic Achievement Percentage of Students Meeting Standards 1

The graphs below show the percentage of students in your school at the indicated grades that met or exceeded the state standards on Oregon Statewide Assessments during the last two school years. District, state, and comparison school averages are displayed. Comparison schools are Oregon schools with similar demographics.

Improvement in Student Performance

The table below shows the percentage of students in your school in grades 3-8 and 10 who either met or exceeded state standards or met their growth target in reading and mathematics for the last two school years. Growth targets are set yearly for students up to grade 8 and are based on each student's performance in the previous school year. Growth targets do not apply to students in grade 10 or students who did not test in the previous year.
